My Profile:

VeraWangBridal

Roberto Toledo

I won a fashion contest when I was in high school and was given a scholarship to go to the New York Fashion Institute. Last year I graduated as a fashion designer. My biggest challenge was designing the wedding dresses for my 3 sisters weddings. Yes, they still speak to me. When I was looking for ideas I came across the designer Vera Wang. Vera is so brilliant and modest. I fell in love with her designs and based my dresses upon them. She really understands fabrics and how they can create a persona.

Hobbies / Interests

I am passionate about design and love to go to the fashion shows to see what the top designers are doing. It is a great environment to get inspired and I lose track of time. I think that is a good way of seeing if you really enjoy something is losing track of time.
